Global Entrepreneur Week is about establishing strong connections within our communities for the betterment of businesses large and small. This event offers 4 sessions from experienced business leaders on successful leadership, supporting local communities, innovation and collaboration and strategies to empower businesses to prosper.

Entrepreneurs on Strategies and Implementations to Create an Empowering Environment for Startups and Sell Businesses to Prosper and Grow

Dynamic Speaker of the Hour:

Mr. Faris Alami

**Founder & Chief Executive Officer
International Strategic Management**

Global Entrepreneurship Week empowers nascent entrepreneurs and those who face systemic barriers to starting and scaling their own company. Through GEW, we focus on four distinct theme areas to spotlight impactful voices and organizations – as well as inspiring activities – that are helping empower entrepreneurs everywhere.
